

BATH-HALF

Dear Runner,

With great regret we announced earlier today that the Bath Half Marathon will be postponed to 13th March 2022, due to continuing COVID restrictions for large-scale events plus planned infrastructure projects on the highways network in the City this autumn. You can read our full statement [here](#)

Your entry options:

As a registered entrant you do not need to do anything if you are happy for your entry to be deferred to the new date. Unless we are notified by your charity, we will automatically defer your entry to the new date

If you are unable to make the new date then you need to contact your charity to discuss your options, in accordance with their own terms and conditions

It's heart-breaking to have to postpone our Bath Half Marathon for a second time and we know that many people will be disappointed by this decision. But with the support of our entrants, community and partners we're determined to return in March 2022 with a celebration for our 40th anniversary.

Kind Regards,

Bath Half Team
